Our Feedback

We can tell you what we do—but it means more coming from the people we've actually worked for.

Here's what they had to say.

“

Chip and Dip was really great to work with. Phil was patient in working with us from the initial planning phase all the way to the end. He was very knowledgeable and cares about doing a great job for his customer. He was flexible to meet our needs and went above and beyond in multiple ways. Highly recommend!!

“

Dang, these guys are great. We wanted an inground spa to replace our old above ground hot tub, and from start to finish, we were in the best hands. Chip & Dip was the only company that called us back, since we were a smaller project. Phil is a champion, and was so clear and honest and remembered all of the smallest details from our first meeting. We felt so taken care of, and are now enjoying our beautiful new inground spa! 10 stars. Call them. Do it. DO IT.

“

Phil built the pool and landscaping for our new home.

Every part of the job was smooth. He worked well with the builder, hit every deadline, and the quality is exactly what we were hoping for.

“

We needed a better layout and some storage around the pool. Phil took the time to understand how we'd use the space and came up with something really practical.

The whole job was finished clean and looks sharp.

”

Tracey H

“

We only needed a small section of paving around the pool redone, but Phil and his team treated it like a proper job. He gave honest advice, sorted everything quickly, and the finish was on point.

It's a small change that made a big difference.

“

We had a custom pool area built by Phil. He helped design the layout to suit how we use it and the quality is next level.

The water is amazing and it's made the space much more enjoyable. Thank you!
